

Campus-Wide HIV Fundamental Learning Opportunity Open to All Disciplines

This program will prepare students to work together to improve patient outcomes and reduce health disparities related to HIV. Interprofessional education provides classroom and hands on curriculum specifically for health & human service professionals and will help participants incorporate key goals to end the epidemic.

Preparing the Future HIV Educational Program

All course dates, times and locations subject to change. ^ Designed only for participants intending to do rapid testing under community outreach sites.

HIV 101 THROUGH AN INTERPROFESSIONAL LENS

This session will help health professionals understand the current HIV epidemic and the gaps in the continuum of care for HIV.

Time Period	Date	Time	Day	Location	
Fall 23	9/1/2023	8-10:50am	F	ONLINE	Register
	9/13/2023	1-4pm	W	SSW 2E29	Register

RAPID HIV AND HCV TESTING TRAINING^

This training will cover relevant HIV testing regulations, implementation strategies and scripts to offer testing and delivery of results for application in community and clinical settings. This training will demonstrate the use of a rapid HIV antibody test, OraQuick Advance and provide testing certification.

Time Period	Date	Time	Day	Location	
FALL 23	10/6/2023	8:30-11pm	F	SMC 351 ONLINE	Register Register

INTERPROFESSIONAL CASE CONFERENCE

Through an interactive case discussion, participants will gain enhanced understanding of the HIV continuum of care and their role in addressing it, as well as the roles of their interprofessional colleagues.

Time Period	Date	Time	Day	Location	
FALL 23	10/3/2023	5:30-7:45pm	TU	ONLINE	Register
	11/6/2023	5:30-7:45pm	M	SMC 351	Register

IMPLICIT BIAS IN THE MEDICAL SETTING

This evidence-based workshop will help participants explore how their assumptions impact behavior and choices around communication, patient care, innovation, hiring, promotion, education and building organizational culture.

Time Period	Date	Time	Day	Location	
FALL 23	10/24/2023	5:30-7:00pm	TU	SSW 2E29	Register

LGBT Cultural Competency

Time Period	Date	Time	Day	Location	
FALL 23	10/25/2023	5:30-7:45pm	W	ONLINE	Register

HIV AND STIGMA

HIV stigma drives acts of discrimination in all sectors of society, including health care, education, the work place, the justice system, families, and communities. Breaking down HIV stigma is a critical part of ending the HIV epidemic. Populations disproportionately affected by HIV are also often affected by stigma due to, among other things, their gender, sexual orientation, gender identity, race/ethnicity, drug use, or sex work.

Time Period	Date	Time	Day	Location	
FALL 23	10/18/2023	4:00-5:00pm	W	ONLINE	Register

STANDARDIZED PATIENT (CLINICAL PATHWAY)

This session will provide an opportunity to use the core competencies of IPE in a clinical setting. It is required for those students pursuing an HIV IPE Clinical Pathway Certificate.

By the end of the Clinical Pathway program, you will be able to: 1) Identify and articulate the IPE Core Competencies; 2) Articulate the importance of Interprofessional Team Care in HIV; 3) Articulate the basics of HIV screening; 4) Articulate the basics of HIV prevention; 5) Describe Trauma Informed Care and its clinical approach; 6) Describe the importance of cultural humility and implicit bias; 7) Participate in an interprofessional experiential learning opportunity; 8) Contribute to simulation experience based on HIV prevention and treatment knowledge.

Time Period	Date	Time	Day	Location	
FALL 23	11/7/2023	5:00-8:00pm	TH		Register

See your faculty instructor about requirements for completing this exciting certificate program!
